Mr. Vernon Grey
Visual Artist Cover Letter
V.A.M Academy
2654 Chinook Winds Drive SW
Airdrie, Alberta
T4B 0J4

Dear Mr. Grey,

As a diligent and passionate artist, I was thrilled to hear that we were doing an Independent Project in this V.A.M Academy. My name is Dua Junaid, and this letter is regarding my request for acceptance to display my Independent Project; at the Celebration of Learning on June 13th, 2019. I am going to paint mythical creatures from different mythologies/countries in one setting.

My goal for this project is to display different countries and beliefs not through their past wars and/or conflicts in history, but instead through their creativity and imagination. It's not about the fact that these creatures aren't real, it's what they symbolize as well as their origins, which in turn signifies the identity of where it came from. Placing these creatures in the same setting will visually show people how each of them makes this world beautiful, no matter their differences. I believe I will bring a unique perspective to the various beliefs and values found within these several countries at the Celebration of Learning.

I want to thank you for your time, and for reading what I have to offer. I invite you to contact me anytime through a phone call or an email. I also have a professional website you can visit at www.duajunaid.weebly.com. I'm looking forward to hearing from you.

Sincerely,

Dua Junaid
